

TASK		TEAM MEMBER	HOURS					
Player horizontal movement	Pol	1	Hours:	Pol	Nicolas	Miko	Filip	
Player horizontal shoot	Pol	2	147	96	49,5	106		
Player Jump	Pol	1						
Player crouching shoot and upward shoot	Pol	2						
Camera following Player	Nicolas	5						
Reescaled sprites Logic	Nicolas	4						
Player sprite sheet	Pol	2						
Player Idle animation	Pol	1						
Player Run animation	Pol	1						
Player Jump animation	Pol	1,5						
Player Shoot animation	Pol	2						
Player Transition to Idle and Idle animation	Pol	2						
Player Hitbox	Pol	2						
Solution Setup	Nicolas	1						
Player.cpp v1 created and player.hpp and basic functionality	Nicolas	0.5						
Soldier.cpp v1 and player.hpp created and basic functionality	Nicolas	1						
game.cpp and game.hpp created and basic functionality	Nicolas	0.5						
Improving Soldier and Game Logic	Nicolas	6						
Fix AudioManager and SceneManager	Nicolas	5						
Implement Basic Colliders	Nicolas	1						
Bullet.cpp and.hpp basic function	Nicolas	4						
Improving Soldier,Game Logic,Player,Bullet	Nicolas	3						
Score Count	Filip	2						
Ammo Count	Filip	1						
Level Count	Filip	1						
Credit Count	Filip	1						
Level Title text	Filip	3						
Title screen, Title music	Filip	3						
Game screen Game music	Filip	3						
Level Start Sound	Filip	3						
Game Time counter	Filip	5						
Game states (INTRO, TITLE, GAME)	Filip	3						
Tiding up Scenemanager both.cpp and.hpp	Filip	1						
Tiding up Audiomanager both.cpp and.hpp	Filip	1						
Tiding up Uimanager both.cpp and.hpp	Filip	1						
BackGround Manager	Nicolas	5						
Improving Scripts Adding functionalities	Nicolas	3						
Improving GltIgnore	Nicolas	0.2						
Fixing Github Errors	Nicolas	3						
AIEnemy inside soldier	Nicolas	4						
Optimizing General Code shorter or deleting trash code	Nicolas	2						
Player aiming up animation	Pol	1						
Player shooting up animation	Pol	1						
Player crouch shooting	Pol	2						
SoldierAnim.hpp .cpp And animation idle soldier, SoldierStates.hpp	Nicolas	5						
Improving collision between player and ground and fixing errors	Pol	4						
Soldier knife animation, dead animation with colision bullet, fix bugs	Nicolas	5						

Fixing hitbox and sprites player	Pol	5								
Soldier Bomb animation bulletanimcpp y hpp new animations for bullet grenade	Nicolas	3								
Setting the tilemap	Pol	2								
Soldier can kill the player	Pol	1								
Death of the player + respawn	Pol	3								
Death animation and respawn of the playyer	Pol	3								
Implement Grenade	Pol	2								
Implement explosion + damage	Pol	2								
Fix granade issues	Pol	2								
Fix bugs grenade soldier	Nicolas	4								
BackGround Manager	Nicolas	5								
Implement diagonal ground	Pol	4								
Implement Item to get Machine gun	Pol	2								
Machine gun animations	Pol	6								
Machine gun bullet	Pol	2								
Parachute intro	Pol	2								
Finish the level blocks collision + ceiling collision	Pol	2								
Create item box where machine gun item is located	Pol	1								
Fixing bullet Collision and other bugs	Pol	2								
Fixing bugs bullet collision soldier	Nicolas	1								
Implementing instance ITEM & soldier	Pol	1								
Background animations and alone sprites	Nicolas	4								
Cutting and rescaling sprites the old way, marco, background, items	Miko	7								
Sprites background fix	Miko	1,5								
Letters sprites	Miko	0,75								
Enemy soldier sprites	Miko	0,75								
Fixing bg again	Miko	1								
Intro sprites	Miko	1								
Updating files and correcting everything	Miko	1								
Tutorial sprites, more fixes and items	Miko	2								
Marco sprites, grenades, explosions, minor tweaks	Miko	2								
Marco rifle sprites	Miko	2								
Bullets, sprites, more background fixing	Miko	1,5								
More background sprites, waterfall, water	Miko	2								
Huts sprites, parachute, other needed sprites	Miko	2,5								
Water fixing and adjusting, items, more needed frames	Miko	2								
Added pistol sounds	Filip	2								
Added soldier death sounds	Filip	2								
Added granade sound	Filip	2								
Fixed ui bugs	Filip	7								
Machine gun equip sound	Filip	1								
Machine gun shot sound	Filip	1								
Fix shooting bug with ceiling blocks	Pol	0,5								
Instantiate soldiers and item	Pol	2								
Fix blocks collision issue(fps drops)	Pol	2								
Finishing intro screen	Filip	5								
Finishing title screen	Filip	2								
Hud sprites and fonts	Miko	1								
Redme.md	Pol	1								
Implement provisional win boxcollision that sends you to menu	Pol	2								

Implement coin mechanic to respawn and start	Pol	1								
Clean the hitboxes	Pol	0,5								
Finishing bugs soldiers collision grenades and detection, hitbox and camera issues	Nicolas	4								
Recording and editing video for the first delivery	Filip	1,5								
Blinking Go sign after no movement for 5 seconds	Filip	1								
Organizing scripts	Pol	3								
Change block collision system	Pol	7								
Sprites boss 1	Miko	1,5								
Sprites for Filip and marco knife, random stuff, boss	Miko	1,5								
Explosions, boss elements	Miko	2								
Boss sprites fixes, debris	Miko	1,5								
Death screen and continue sequence	Filip	6								
Fixing minor bugs in the Death screen	Filip	2								
Boss phase 1	Pol	6								
Boss Intro	Pol	2								
Boss phase 2	Pol	8								
Boss sprites fixing v2	Miko	1								
Boss damage player	Pol	5								
Boss destroyed animations	Pol	5								
Fixing death bug	Pol	2								
melee attack and anim	Pol	3								
Fixing collision item and lateral limits for bullets	Pol	1								
Implementing jetpack item + mechanic	Pol	2								
Implementing fuel UI	Pol	2								
Fixing UI Ammo	Pol	1,5								
Fixing "Mission 1 start!" at the begginging	Pol	2								
"Mission Completed!" implemented	Pol	2								
Fixing several bugs(ex: infinite falling in diagonal move)	Pol	2								
Fix go anim UI	Pol	0,5								
Blood effect	Pol	1,5								
Fixing some more bugs	Pol	1,5								
player 1 arrow anim	Pol	1								
Prisoner sprites prepared	Pol	1,5								
Prisoner implemented, both types	Pol	4								
Polishing some hitbox, sprites and offsets	Pol	1								
Fixing background and more bugs	Pol	2								
Fixing Intro screen	Filip	7								
Implementing HowToPlay screen	Filip	6								
Fixing minor bugs in Title screen	Filip	2								
Adjusting UI elements	Filip	3								
Adding coin addition sound	Filip	2								
Fixing minor death screen bug	Filip	0,5								
Added six og soldier death sounds as well as the 'roulette' sound mechanism	Filip	4								
Adding npc "Thank you" rescue sound	Filip	2								
Added Mission Complete screen mechanics	Filip	4								
Added JetPack Gas item pickup sound	Filip	1,5								
Added Granade item pickup sound	Filip	1,5								
Game over screen	Filip	6								
Boss fight sounds	Filip	5								
Added player death sound	Filip	1								

	Implementing jetpack sprites anim	Pol	2								
	Implementing items animation	Nicolas	5								
	Implementing items collecting + score adding	Nicolas	3								
	Organizing scripts	Nicolas	5								
	general bugs	Nicolas	5								
	Initial screen	Miko	4								
	Jetpack animation	Miko	3,5								
	Dust animation	Miko	3								
	Smoke animation	Miko	2								
	File fixing and changing names, sorting	Miko	1,5								
	Fixing Folders	Pol	2
